smerdikus@gmail.com

Profile

Third-year student at the Faculty of Information Technology, CTU in Prague, specializing in Artificial Intelligence, with a strong interest in algorithms, machine learning, and data. I enjoy turning ideas into functional solutions, automating routine tasks, and working with data to produce outputs that support decision-making. I am also interested in financial markets and quantum computing.

Education

2019–2023 **Secondary Technical School Písek**, *Information Technology*
Final graduation exam.

2023–present **Faculty of Information Technology, Czech Technical University in Prague**, *Bachelor's degree – Artificial Intelligence (3rd year)*

Experience

09/2024 – 06/2025 **Programming Instructor**, *future kids s.r.o.*, *Part-time job*

- Preparation and teaching of programming courses for children and teenagers.
- Explaining the basics of algorithms, developing logical thinking, and working on creative tasks.
- Improving clear communication and structuring lessons according to students' skill levels.

06/2025 – 12/2025 **Analyst**, *Viagem a.s.*

- Data analysis and preparation of reports for internal decision-making.
- Collaboration on process improvement and automation of routine tasks.
- Working with data from collection and cleaning to interpretation and presentation of results.

Technical Skills

Programming languages	C, C++, Python, R, SQL, Julia, Pine Script
Tools and technologies	Git, Unix/Linux, basic computer networks
Focus areas	Algorithms, optimization and operations research, machine learning, quantum programming

Achievements and Competitions

Qminers Quant Hackathon	Participation – solving tasks in quantitative analysis / data (depending on the assignment).
Quantum Road to Practitioner	Certificate attached in the appendix at the end of the PDF.

Languages

Czech	Native speaker
Slovak	Fluent
English	Advanced

Interests

Programming, mathematics, technology, water polo, traveling, financial markets (trading)

Road to Practitioner Program (R2P)

A curated learning journey from novice to practitioner

CERTIFICATE

OF PARTICIPATION

is awarded to

Petr Šmerda

in recognition of his successful completion of the Capstone Project within the Quantum R2P 2025 online program

IBM **Quantum**
